

# Supply Chain Day 2017: The logisticians of tomorrow

## Dear Young Professionals and Logistics Aficionados,

We are pleased to invite you to the **Young Professionals Logistics Luxembourg (YPL2) Supply Chain event on 27th of April 2017.**

To celebrate the International Supply Chain day we have put together an exciting program partnering with LuxairCARGO and KPMG with support from the Cluster for Logistics around the theme: **The logisticians of tomorrow.**

Due to organization constraints, we have organized two events: We will start the day with a visit of the cargo center of LuxairCargo as a first event, and then we will enjoy a conference with key notes speakers. These events will be the first of their kind, organized by the Young Professionals Logistics. Thus, we are proudly looking forward to exciting presentations, fascinating visits and fruitful discussions during the Networking Cocktail with you.

### Event #1: Visit of the cargo center of LuxairCargo (First-come first served, 12 places available only)

LuxairCargo handles all categories of cargo and aircraft and has a capacity of 1,000,000 tons per year, with further possibilities for expansion. With its >1100 employees, LuxairCargo is the leading air freight handling agent at Luxembourg Airport making it the 6th largest air freight platform in Europe. Located at Luxembourg's Findel Airport (LUX/ELLX), LuxairCargo is located next to a 4,000m runway and own a state-of-the-art 58.000 sq.m cargo center connected with a 22.000 sq.m logistic center and a goods distribution practice (GDP) health center.
